August 1, 2011

Pricing UPDATE!

Dear Members/Customers,

IMPAX WORLD, Inc. has not raised prices on our products or shipping/handling in over 5 years. We have made every attempt to keep pricing down during this economy for our valued members and customers.

Each year manufacturing costs and shipping costs have increased the cost of providing the finest ingredients and products available. We have not and will not lower the quality of our products to compensate for higher costs. We find it unavoidable to adjust our pricing accordingly. Effective August 1, 2011 the following pricing will be charged on the following products:

EnerPrime Powder	Retail*	\$ 59.40/bottle
EnerPrime Capsules	Retail*	\$ 46.22/bottle
PowerPack	Retail*	\$ 115.00/box
EnerEFA	Retail*	\$ 35.00/Bottle

Auto-ships on August 1st will automatically reflect the changes above – no action is required on your part. If you wish to make **changes to your auto-ship**- please do so by **July 25th** to ensure your changes are completed prior to August 1st processing!

All July 2011 orders of the above products will remain at current price levels.

5070 Robert J Mathews Pkwy, Suite 200, El Dorado Hills, CA 916-939-9800/ 888-891-1212
